# ABOUT YOUR PARISH WORKBOOK

- This parish workbook is designed to equip pastors and key parish leaders with data about the Archdiocese of St. Louis, your local planning area, and your parish.
- The data contained in this parish workbook has been gathered over the past twenty years from your parish and other parishes across the Archdiocese.
- This parish workbook should be used as an internal planning tool to help shape your reflections on the current strengths and opportunities for future growth of ministry and evangelization in the future.
- To help ensure accuracy of information, parishes are requested to limit the distribution of the information contained in this parish workbook to the pastor, parish staff, key parish leaders, and key advisory bodies. Information summarizing this data will be made available in the fall 2022 for parishioners across the Archdiocese.

# ALL THINGS NEW PRAYER

Heavenly Father, you sent your Son Jesus as the first Evangelizer of the Good News.

Send forth the power of the Holy Spirit upon the Church of St. Louis and grant us the gift of true discernment so we may do your will in all things.

Help us be totally free to follow wherever you lead us, totally generous to be good stewards of your many gifts, and totally passionate to suffer all in order to be more closely united to you.

Commissioned by your Son and empowered by the Spirit to “Go and Make Disciples of all Nations,” strengthen us by the power of your grace as we bring the Good News of Salvation into the lives of all those we touch, so that individual hearts and all of society may be converted to you and all things might be made new.

Inspired by the apostolic zeal of previous generations, as we begin the process of planning for the future, may our only desire be to do all things for the greater glory and honor of your name and for the good of your people in the Archdiocese of St. Louis.

Through Christ our Lord.  
Amen.

## GUIDING TEXTS

### REV. 21:3-5

*I heard a loud voice from the throne saying, “Behold, God’s dwelling is with the human race. He will dwell with them and they will be his people and God himself will always be with them.*

*He will wipe every tear from their eyes, and there shall be no more death or mourning, wailing or pain, the old order has passed away.”*

*The one who sat on the throne said, “Behold, I make all things new.” Then he said, “Write these words down, for they are trustworthy and true.”*

## GUIDING TEXTS EVANGELII NUNTIANDI (#18)

*For the Church, evangelizing means bringing the Good News into all the strata of humanity, and through its influence transforming humanity from within and making it new: "Now I am making the whole of creation new."*

*But there is no new humanity if there are not first of all new persons renewed by Baptism and by lives lived according to the Gospel.*

## GUIDING TEXTS JOY OF THE GOSPEL (#27)

*I dream of a “missionary option”, that is, a missionary impulse capable of transforming everything, so that the Church’s customs, ways of doing things, times and schedules, language and structures can be suitably channeled for the evangelization of today’s world rather than for her self-preservation.*

OUR DIOCESE  
ARCHDIOCESE OF ST. LOUIS

# ABOUT OUR DIOCESE

- The Archdiocese of St. Louis is 178 parishes encompassing the City of St. Louis and 10 surrounding counties – a large and diverse territory: urban, suburban and rural.
- Our local church has been declining for several decades as older Catholics die and there are insufficient number of young Catholics to take their place.
- This is best exemplified by the significant decline in the number of births and baptisms in our diocese.
- As our Catholic population has moved from the city to the near suburbs and from the near suburbs to the farther out suburbs, this has resulted in too few priests in large parishes and too many priests in small parishes.
- Our diocesan priests are aging and number of priests to serve our Catholic population is declining.
- Over the past decade, Mass attendance has been on a steady decline. The long-term implications of COVID are unknown, but the rebound in Mass attendance from 2020 to 2021 still leaves us 25% below pre-COVID levels.

# OUR TERRITORY FOR EVANGELIZATION

# OUR CATHOLIC POPULATION CONTINUES TO DECLINE

- In 2021, the number of Catholics in the Archdiocese of St. Louis dipped below 500,000 for first time since the 1960s.
- We have more baptisms than funerals and we have nearly 1,000 enter the church each year. Our numbers should be growing by 2,000 per year.
- As many as 5,000 Catholics are “leaving” the Church – OR – not re-engaging in the Church after high school or college.

# OUR CATHOLIC POPULATION IS AGING RESULTING IN FEWER YOUNG PEOPLE

## The Landscape in the United States

- In the last decade, the percentage of the adult population claiming no religious affiliation (the “nones”) grew from 17% to 26%.
- In the last decade, the percentage of the millennial population claiming no religious affiliation grew from 27% to 40%.

## The Landscape in the Archdiocese of St. Louis

Our baptism and marriage trends reflect the national landscape, as they are half of what they were 20 years ago.

# WEEKLY SUNDAY MASS ATTENDANCE CONTINUES TO DECLINE

- Prior to the COVID-19 pandemic, Mass attendance was declining between 0.5% to 1% per year.
- Mass attendance hit a record low in October 2020 which is attributed to the COVID-19 pandemic.
- While Mass attendance in October 2021 showed a significant increase from 2020, it was still 25% lower than Mass attendance in October 2019.
- In 2019, only 33% of our pews were occupied during the typical weekend Mass. By 2021, only 25% of our pews were occupied during the typical weekend Mass.

# FEWER BAPTISMS HAVE RESULTED IN FEWER CHILDREN IN CATHOLIC SCHOOLS AND PSR

- Though we educate a higher percentage of children in our Catholic schools than nearly any other diocese (37%), enrollment continues to decline.
- During the last decade, PSR enrollment has declined faster than day school enrollment.
- Our current model of Catholic elementary schools cannot continue.
  - Only 40-50% of our elementary school children live in the boundaries of their parish school.
  - The cost to educate our students continues to outpace tuition increases.
  - Parish investment in our schools continues to absorb an increasing percentage of parish funds available to support other parish ministries.

# OUR PRIESTS ARE AGING

- 35% of our diocesan priests (74 priests) serving in parishes are 65 years of age or older.
- These 74 priests could retire in the next 10 years.
- Though priests' retirement age is 75, the average of retirement for our diocesan priests has been 71.
- By 2026, we will have fewer diocesan priests to serve in parishes than the number of parishes we have.
- Our largest parishes will still need to be served by 2-3 priests.

\* Excluding retired priests resident in parishes

OUR PARISH  
ST. JAMES THE GREATER - ST. LOUIS CITY

# ABOUT OUR PARISH

- St. James the Greater is the “Irish” parish in Dogtown just south of Forest Park. Parish dates to 1861 and is an important anchor in a neighborhood of starter homes.
- The parish school which had been in operation continuously since 1902 closed in 2019, though the parish continues to run a small pre-school.
- This is a parish of 640 households. The parish church was completed in 1928 and seats 300.

# ABOUT OUR PARISH

- St. James is in an area of the City of St. Louis that has a large number of starter homes and rental properties. For that reason, the demographic of the area is very young and likely unchurched.
- The closing of the parish school in 2019 was traumatic for the parish's psyche even though few parishioner households had children in the school. Mass attendance, baptisms and number of children in Catholic schools have decreased since then.
- Even after the school has closed, parish expense still exceed revenue putting reserves in a negative position.

# OUR PARISH AREA IS ATTRACTIVE TO YOUNG FIRST TIME HOME BUYERS AND RENTERS

- Population in the area is stable. There has been some growth in the area with new condos and apartments being built.
- With many apartments and starter homes, the area has a young and mobile demographic.
  - 55% of the households in the parish territory are renters
  - 48% of the households are single persons living alone
  - 34% of the population is age 25-34
- Median household income is \$57,700 which is below the archdiocesan average of \$60,700.
- 17% of the resident population is Catholic which is just at the archdiocesan average of 18%.

- Red dots are parishioner households; blue dots are Catholic households that are registered at a different parish.
- There are more parishioner households (583) than there are Catholic households in the boundaries (482).
- This means that more Catholic households come into the parish from outside the boundaries than leave the parish area to affiliate elsewhere.

## REGISTERED HOUSEHOLDS

- Parish membership has continued to decline slightly during the past decade.

# OUR PARISH SACRAMENTAL TRENDS

## MASS ATTENDANCE

- Mass attendance has fallen significantly since 2016.
- Mass attendance as percent of capacity is below the archdiocesan average of 33% in 2019 and 25% in 2021.
- Pre-COVID Mass attendance as percent of registered parishioners at Mass on the weekend was 14-18%, below the archdiocesan average of 27-29%.

# OUR PARISH SACRAMENTAL TRENDS

## BAPTISMS, FUNERALS, & K-8 RELIGIOUS FORMATION

- Decline in parish membership, children in Catholic schools and baptisms may reflect the closing of the day school.
- As Catholic families in the city generally do not choose public education, there are few children in PSR.

# OUR PARISH FINANCIAL TRENDS

## OFFERTORY CONTRIBUTIONS

- Offertory contributions were stable until dropping off in recent years.

# OUR PARISH FINANCIAL TRENDS

## INVESTMENT IN CATHOLIC SCHOOLS

- Parish investment in the school had been substantially above the recommended 20-30% of offertory during the past decade.
- As the school tried to grow enrollment, large grants from the Archdiocese and several large donations to the school were only enough to keep the school afloat a couple more years before finally closing in 2019.
- The parish does not financial contribute to parishes who enroll their children in a Cathoic school.

# OUR PARISH FINANCIAL TRENDS

## PARISH FINANCIAL CONDITION

- After the school closed, expenses have still exceeded revenue, causing reserves to be depleted.
